Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Tuesday 23 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Scattered showers. Wind strengthening in west. North and east brighter.

Today:
Some scattered light showers brought on west to southwest winds, that increase strong across western coasts and Isles, perhaps touching near gale towards early evening. Best of limited brighter spells towards Inverness, also in Caithness and Sutherland. Maximum temperature 10 deg C (50 deg F).

Tonight:
Scattered light showers for the evening with the strong southwest winds perhaps touching near gale in west. Band of showery rain for time overnight, clearing to blustery showers come dawn. Minimum temperature 3 deg C (37 deg F).

Wednesday:
A day of blustery, occasionally heavy, showers, brought on strong westerly winds, which veer to a gale to severe gale north to northwesterly from evening, with showers turning wintry overnight. Maximum temperature 9 deg C (48 deg F).

Outlook for Thursday to Saturday:
Wintry showers Thursday, mainly focused in north. Friday and Saturday turning very unsettled with severe gales, perhaps storms, and periods of rain, turning wintry to lowest levels at times.
